## **Badream**

It's time for the crying to stop Cause I love you It's time for you to grow up I want you And I need you There's a hole in your soul

Where your heart used to me All the doors are locked And you can't find the key There's fish in the sky And there's birds in the sea Cause you want me And you need me

You're drowning from all of the tears in the sky It's a bad dream You can't even close your eyes It's a bad dream A bad dream

It's time for the pie in the sky Cause I'm hungry It's time for you to let it die You're lonely All alone

Tigers in their tanks struggle to get free Skinny little dogs barking up the wrong tree Snakes in the grass learn their ABCs And you need me And you want me

You're drowning from all of the tears in the sky It's a bad dream You can't even close your eyes It's a bad dream A bad dream

Screaming from a voice inside Running but you cannot find A place To hide From the bad dream

There's a hole in your soul Where your heart used to me All the doors are locked And you can't find the key There's fish in the sky And there's birds in the sea And you hate me But you need me

You're drowning from all of the tears in the sky It's a bad dream You can't even close your eyes
