Digging Deep

Reeling me in not afraid To treat me life a fish I can be smooth as I wanna be But it's no guarantee That I'll be better than me Someday instead I'll just keep wanting you anyways And I'll be Be digging deep Reel me in I'll give in Til I win Hold me up I'll dig my hands in Reel me in I'll give in Til I win Hold me up I'll dig my hands in Keep to the surface You'll be A place that I can't breathe Not used to feeling Less than me Less than incomplete You know that I can not drown But it's not safe to be found You throw me away And I'll be Be digging deep Race me to defeat Put it on repeat I'm not done yet Reel me in I'll give in Til I win Hold me up I'll dig my hands in Reel me in I'll give in Til I win Hold me up I'll dig my hands in [guitar solo] Reel me in I'll give in Reel me in I'll give in (Hold me up I'll dig my hands in) Reel me in
