

Seen It All

Jake Bugg

One Friday night
I took a pill or maybe two
Down at the car park
I saw everyone I knew
And before the night had started
we had planned to crash a party
Just a place that someone knew a local house belonging to a gangsters crew
And at the door they shone a light into my face
Have to admit I felt a little out of place
But I made my way inside
past a thousand crazy eyes
Then a friend took me aside
said everyone here has a knife

I've seen it all
I've seen it all now
I swear to god I've seen it all
Nothing shocks me anymore after tonight

Those little doves had sent my mind
and heart a-beating
To say I felt weird
really doesn't need repeating
I could sense the mounting tension
the atmosphere of violence
And then they took a guy out side
and someone stabbed him with a knife

I've seen it all
I've seen it all now
I swear to god
I've seen it all nothing shocks me anymore
after tonight

I've seen it all
I've seen it all now
I've seen it all,
I've seen it all now
I swear to god
I've seen it all nothing shocks me anymore
after tonight

I've seen the light but not the kind
I would have liked
