

# Day Without Your Love

Jake Miller

She took my heart when I was 15  
I love everything about you  
And now I honestly can't see  
Going a single day without you

You are the air I breathe  
You are my everything  
Baby come and follow me  
Till the end of the world  
I won't live a day without your love  
I won't live a day without your love

Now Ive been flippin' through the dictionary tryin' to find  
The proper words that I could use to tell you whats on my mind  
But baby this time its different and for me its a first  
Cause now I'm sittin' here with nothin' but a loss for words  
It's like you reset my heart and then erased my brain  
The only thing thats not deleted in my head is ya name  
So doctor please gimme some Aderal I'm havin' trouble concenratin'  
She hypnotized me, mastered the art of captivatin'  
So there ya go, bravo, congratulations  
A massive understatement if I said my heart was taken  
Cause now I'm hooked ill admit my hearts your puppet  
I don't know how you did it but I love it cause you are the...

Till the end of the world  
I won't live a day without your love  
I won't live a day without your love

I told myself a while ago I'd never let this happen  
You're way to young to fall in love, just concentrate on rappin'  
But then you came along, and all my plans rearranged  
And then suddenly, everything changed  
Now you're my world my sun my moon and everythin' between em  
Some people kinda skeptical but baby we don't need em  
We could run away, and never come back  
Yeah we could leave today, pick anywhere on the map  
As long as your by my side I gotta smile on my face  
But when you gone girl I swear that I feel so outta place  
I've know you've heard it before I can't say it enough  
I couldn't live a single day without your love, because you are the...
