

# Breaking Away

Jaki Graham

I'd like to think that you're thinking of me  
So close to you, you just seem so far away  
So far away, so far until I cannot see

By breaking away you've broken the rules  
By breaking my heart you've loved like a fool  
I'm breaking away, you made me give in  
And making me loose what I thought I could win  
Ohoho

You're just a man with a modern problem  
Can't rest his heart, has to be so far away  
So far away, so far I'm loosing all believe

By breaking away you've broken the rules  
By breaking my heart you've loved like a fool  
I'm breaking away, you made me give in  
And making me loose what I thought I could win  
Oh

I saw the writing clearly on the wall  
It told me what your heart it hurts when you fall  
And yet we've more to loose I couldn't give in  
It's a fight I just wanted to win

By breaking away you've broken the rules  
By breaking my heart you've loved like a fool  
I'm breaking away, you made me give in  
And making me loose what I thought I could win  
Oho

By breaking away you've broken the rules  
By breaking my heart you've loved like a fool  
I'm breaking away, you made me give in  
And making me loose what I thought I could win  
Oho

By breaking away you've broken the rules  
By breaking my heart you've loved like a fool  
I'm breaking away, you made me give in
