Remember Who I Was

James Arthur

I know I hurt you, I was so unkind
I was ungrateful, I wasted your time
But I was young and lost, so lost
See, you took this poor boy and changed his whole life
Granted his wishes and dreams overnight
And I saw stars, they shot me down
But I deserved it, they knocked me out

I'm just waking up now, in the tears of the one's I love
It's quiet, I'll bet that everybody thinks I'm done
I need to get up now, I've been down here for too long
Two years I've been lost, now I remember who I was
Who I was, who I was
I am the one who beat me black and blue
No one can hurt all your feelings like you
Whoa, I know it, or validate
See, if you're a misfit and feel out of place
Or you don't like how you look, it's okay
'Cause someone will, but you need to love yourself
Don't end up like me, don't end up like me

I'm just waking up now, in the tears of the one's I love
It's quiet, I'll bet that everybody thinks I'm done
I need to get up now, I've been down here for too long
Two years I've been lost, now I remember who I was
Who I was, who I was (I've been down here for too...)
Who I was, who I was
