

Safe Inside

James Arthur

I remember when you were all mine
Watched you changing in front of my eyes
What can I say
Now that I'm not the fire in the cold
Now that I'm not the hand that you hold
As you're walking away

Will you call me to tell me you're alright
Cause I worry about you the whole night
Don't repeat my mistakes
I won't sleep 'til you're safe inside
If you're home I just hope that you're sober
Is it time to let go now you're older
Don't leave me this way
I won't sleep 'til you're safe inside

Everyone has to find their own way
And I'm sure things will work out okay
I wish that was the truth
All we know is the sun will rise
Thank your lucky stars that you're alive
It's a beautiful life

Will you call me to tell me you're alright
Cause I worry about you the whole night
Don't repeat my mistakes
I won't sleep 'til you're safe inside
If you're home I just hope that you're sober
Is it time to let go now you're older
Don't leave me this way
I won't sleep 'til you're safe inside

If you make the same mistakes
I will love you either way
All I know is I can't live without you
There is nothing I can say
That will change you anyway
Darling, I could never live without you
I can't live, I can't live

Will you call me to tell me you're alright
Cause I worry about you the whole night
Don't make my mistakes
I won't sleep, I won't sleep
If you're home I just hope that you're sober
Is it time to let go now you're older
Don't leave me this way
I won't sleep 'til you're safe inside

Will you call me to tell me you're alright
Cause I worry about you
