

## Safe Inside

James Arthur

I remember when you were all mine  
Watched you changing in front of my eyes  
What can I say  
Now that I'm not the fire in the cold  
Now that I'm not the hand that you hold  
As you're walking away

Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't repeat my mistakes  
I won't sleep 'til you're safe inside  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep 'til you're safe inside

Everyone has to find their own way  
And I'm sure things will work out okay  
I wish that was the truth  
All we know is the sun will rise  
Thank your lucky stars that you're alive  
It's a beautiful life

Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't repeat my mistakes  
I won't sleep 'til you're safe inside  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep 'til you're safe inside

If you make the same mistakes  
I will love you either way  
All I know is I can't live without you  
There is nothing I can say  
That will change you anyway  
Darling, I could never live without you  
I can't live, I can't live

Will you call me to tell me you're alright  
Cause I worry about you the whole night  
Don't make my mistakes  
I won't sleep, I won't sleep  
If you're home I just hope that you're sober  
Is it time to let go now you're older  
Don't leave me this way  
I won't sleep 'til you're safe inside

Will you call me to tell me you're alright  
Cause I worry about you
