Safe Inside

James Arthur

I remember when you were all mine Watched you changing in front of my eyes What can I say Now that I'm not the fire in the cold Now that I'm not the hand that you hold As you're walking away

Will you call me to tell me you're alright Cause I worry about you the whole night Don't repeat my mistakes I won't sleep 'til you're safe inside If you're home I just hope that you're sober Is it time to let go now you're older Don't leave me this way I won't sleep 'til you're safe inside

Everyone has to find their own way And I'm sure things will work out okay I wish that was the truth All we know is the sun will rise Thank your lucky stars that you're alive It's a beautiful life

Will you call me to tell me you're alright Cause I worry about you the whole night Don't repeat my mistakes I won't sleep 'til you're safe inside If you're home I just hope that you're sober Is it time to let go now you're older Don't leave me this way I won't sleep 'til you're safe inside

If you make the same mistakes I will love you either way All I know is I can't live without you There is nothing I can say That will change you anyway Darling, I could never live without you I can't live, I can't live

Will you call me to tell me you're alright Cause I worry about you the whole night Don't make my mistakes I won't sleep, I won't sleep If you're home I just hope that you're sober Is it time to let go now you're older Don't leave me this way I won't sleep 'til you're safe inside

Will you call me to tell me you're alright Cause I worry about you
