

# If You Ever Want To Be In Love

James Bay

Saw you today after so much time  
It felt just like it used to be  
Talking for hours about a different life  
Surrounded us in memories  
We were close, never close enough  
Where are we now?  
If it's torn, we can stitch it up  
Don't rule it out, oh no no

I'll come around if you ever want to be in love  
I'm not waiting but I'm willing if you call me up  
If you ever want to be in love, I'll come around

Wanted to ask if we could have been  
But my tongue wouldn't break the seal  
You always had something effortless  
In school, you were the biggest deal  
Little cuts close and open up  
Time slipping by  
Always thinking about the two of us  
You play on my mind, always playing on my mind

I'll come around if you ever want to be in love  
I'm not waiting but I'm willing if you call me up  
If you ever want to be in love, I'll come around

We were young, we were side by side  
Don't know when we started losing touch  
If you want, we can walk a while  
Maybe that would be enough  
We used to talk, drink into the night  
I would wake up on the front room floor  
All alone you'd be in my bed, made me crazy  
Made me want you more

I'll come around if you ever want to be in love  
I'm not waiting but I'm willing if you call me up  
If you ever want to be in love, I'll come around
