

# Just for Tonight

James Bay

Waking up in the middle of the night  
Blurry eyes into my telephone light  
All your words in disguise  
Makin' me think like you're mine

We were such a pretty picture in a frame  
Now it's like you don't remember my name  
Let me in, where you've been?  
What we gonna be this time?

Just for tonight, just for tonight  
Forget who we are, give up and ignite  
Go with me through the dark  
For tonight

What you mean when you say you're better now?  
All these clothes like you still want me around  
I can't give you this for nothing, help me out

Just for tonight, just for tonight  
Forget who we are, give up and ignite  
Go with me through the dark  
For tonight  
Just for tonight, just for tonight  
Forget who we are, give up and ignite  
Go with me through the dark  
For tonight

Make me believe that you need me most  
Be the real thing, don't be just a ghost  
I try to call but I can't get ahold  
Call me right back, call me right back  
You told me no matter, everywhere we go  
I was your rock, was it just a joke?  
If I come-a-lookin' would you even know?  
Call me right back, call me right back  
Make me believe that you need me most  
Be the real thing, don't be just a ghost  
I try to call but I can't get ahold  
Call me right back, call me right back

Just for tonight, just for tonight  
Forget who we are, give up and ignite  
Go with me through the dark  
For tonight  
Just for tonight, just for tonight  
Forget who we are, give up and ignite  
Go with me through the dark  
For tonight  
Just for tonight  
Just for tonight  
Just for tonight  
Just for tonight

You told me no matter, everywhere we go  
I was your rock, was it just a joke?  
If I come-a-lookin' would you even know?

Call me right back, just for tonight  
Call me right back, just for tonight  
Be the real thing, don't be just a ghost  
Why can I call but I can't get hope?  
Call me right back, call me right back
