Scars

James Bay

You're setting off, It's time to go, the engine's running My mind is lost, We always knew this day was coming And now it's more frightening than it's ever gonna be

We grow apart, I watch you on the red horizon Your lion's heart Will protect you under stormy skies And I will always be listening for your laughter and your tears

And as soon as I can hold you once again I won't let go of you, I swear

We live through scars this time But I've made up my mind We can't leave us behind anymore

Your hands are cold, Your lips are turning blue, you're shaking This fragile heart, So heavy in my chest, it's breaking And in the dark, you try to make a pay phone call to me

But you're miles away, You're breaking up, you're on your own It's hard to take, I need an hour just to say hello And I can't make the truth of this work out for you or me

And for all the pennies in your pocket We barely get a second just to speak

We live through scars this time But I've made up my mind We can't leave us behind anymore We'll have to hurt for now But next time there's no doubt 'Cause I can't go without you anymore

Oh, no, no Oh, oh.

We live through scars this time But I've made up my mind No, we can't leave us behind anymore

We'll have to hurt for now But next time, there's no doubt 'Cause I can't go without you anymore No, I can't go without you anymore
