## **Timeless**

## **James Blake**

```
Timeless, timeless

I can't be selfless
I'm acting my age
You know you slide out when you slide in with graceful shadow
You know you slide out when you slide in with graceful shadow
Timeless
Timeless

Timeless

You know you slide out when you slide in
```

You know you slide out when you slide in You know you slide out when you slide in You know you slide out when you slide in

Timeless Timeless
