

# Cold

James Blunt

It's been lonely, tryna get your attention from a thousand miles away  
And you know me, always overthinking the worst possibilities  
Yeah, we both know, in between you and me, there's an ocean  
Castaway in a sea and it's frozen  
I'm exposed, can't you see, all I need is a little warmth

Without your arms around me  
Without you on my skin  
Without you on my body, I'm sorry, I'm sorry  
I don't mean to be desperate, or pretend that I'm not torn  
But I don't want to let go of the things that keep me warm  
Without you I'm just cold

I built a little boat with a sail from the memories I've been collecting  
And I'll hold out for the wind to blow me, take me home the whole way, in your direction  
Yeah, we both know, in between you and me there's an ocean  
And I'm just trying to get a little closer  
Pull me in, cause I'm here and all I need is a little warmth

Without your arms around me  
Without you on my skin  
Without you on my body, I'm sorry, I'm sorry  
I don't mean to be desperate, or pretend that I'm not torn  
But I don't want to let go of the things that keep me warm  
Without you I'm just cold  
Without you I'm just cold

And I need a little fire and you're my gasoline  
Light me up, I'm burning, with all these things I feel  
I'll always hold this flame for you, but it's naked on the breeze  
So let me in, don't lock me out or cast me out to sea

Without your arms around me  
Without you on my skin  
Without you on my body, I'm sorry, I'm sorry  
I don't mean to be desperate, or pretend that I'm not torn  
But I don't want to let go of the things that keep me warm  
Without you I'm just cold  
Without you I'm just cold  
Without you I'm just cold  
Without you I'm just cold
