

# I Told You

James Blunt

Smiling all along but I was fakin'  
Each and every second I was breakin'  
I said that I was numb but I was achin' in my bones  
The panic in my heart is hard to breathe through  
This the kinda thing they never teach you  
I never thought I'd ever have to leave you on your own

Baby, take care of your heart  
Every day that I'm not with you  
If you're ever scared of the dark  
Remember, I told you  
Darling, I will never be far  
Wherever you go I'll do too  
Baby, I was there from the start  
Remember, I told you

Honestly it hurts too much to say this  
So I will write it down and you can save it  
And read it when I'm not around to say it for myself, yeah  
Savor every moment 'cause they go fast  
The fireworks are bright because they don't last  
But promise me you'll walk along your own path, no one else's

Baby, take care of your heart  
Every day that I'm not with you  
If you're ever scared of the dark  
Remember, I told you  
Darling, I will never be far  
Wherever you go I'll do too  
Baby, I was there from the start  
Remember, I told you

When you bump your head  
And then you lose your thread  
Darlin', I'll be there  
Remember, I told you  
From when it's all just plain  
To your wedding day  
Even when the pictures fade  
Remember, I told you

So, baby, take care of your heart  
Every day that I'm not with you  
If you're ever scared of the dark  
Remember, I told you  
Darling, I will never be far  
Wherever you go I'll do too  
Baby, I was there from the start  
Remember, I told you

So, baby, take care of your heart  
Every day that I'm not with you  
If you're ever scared of the dark  
Remember, I told you  
Darling, I will never be far  
Wherever you go I'll do too  
Baby, I was there from the start

Remember, I told you
