

# Stay the Night

James Blunt

It's 72 degrees, zero chance of rain  
It's been a perfect day  
We're all spinning on our heels, so far away from real  
In California  
We watched the sunset from our car, we all took it in  
And by the time that it was dark, you and me had something, yeah!

And if this is what we've got, then what we've got is gold  
We're shining bright and I want you, I want you to know  
The moon is on it's way, our friends all say goodbye  
There's nowhere else to go, don't go, stay the night

You oughta stay the night

We've been singing Billie Jean  
Mixin' vodka with caffeine  
We've got strangers stopping by  
And though you're out of tune  
Girl you blow my mind, you do  
And all I'll say is I don't wanna say good night  
There's no quiet corner to get to know each other  
Then there's no hurry I'm a patient man  
As you'll discover

Cause if this is what we've got, then what we've got is gold  
We're shining bright and I want you, I want you to know  
The moon is on it's way, our friends all say goodbye  
There's nowhere else to go, don't go, stay the night

You oughta stay the night

Just like the song on our radio set  
We'll share the shelter of my single bed  
But it's a different tune that's stuck in my head  
And it goes...

If this is what we've got, then what we've got is gold  
We're shining bright and I want you, I want you to know  
The moon is on it's way, our friends all say goodbye  
There's nowhere else to go, don't go, stay the night

If this is what we've got, then what we've got is gold  
We're shining bright and I want you, I want you to know  
The moon is on it's way, our friends all say goodbye  
There's nowhere else to go, don't go, stay the night
