

Ain't That a Groove

James Brown

When you and your baby are tight
And everything you say or do is mellow
She keeps everything all right
And you know that you're the only fellow
Ain't that a groove, ain't that a groove
Ain't that groove, ain't that a groove
Now look here fellows
Girls like to be in a mood
Whenever they think their man is yellow
Hit me band You fight real hard
To make things right 'cause he's the only fellow
Now ain't that a groove
Ain't that a groove do you hear me people
Ain't that a groove, ain't the a groove
Look you here I want to know do you love me, yes I love you
One more time, do you love me, yes I really, really do
Do you love me baby, yes I love you
I just gone, gotta . . . know
Hit me band
One more again
Look you here
I got to tell you, dig this
This will kill you
A little piece of money and plenty of love
Will keep everything together, come on band
Well forget about the money
Plenty of love and ain't that mellow
Now ain't that a groove, it's go groovy
Ain't that a groove, it's so groovy
Ain't that a groove, it's so groovy
Ain't that a groove
Look here, I'm not gonna talk all day
But 1, I wanted to get the feeling
One more time
Hit me band, listen to that band
I want to ask them
Do you love me, yes I love you
Do you love me baby, yes I love you
Do you love me, yes I love you
I just gotta, gotta ... know
Hey ain't that a groove
Ain't that a groove let me count
One for the money, two for the show
Ain't that a groove now here we go
Goin' on, and one more thing
I want to say, this is better than cushions
