

## It Had To Be You

James Brown

It had to be you, it had to be you  
I wandered around and finally found  
Somebody who could make me feel blue could make me be true  
And even be glad, just to be sad thinkin' of you

Some others I've seen might never be mean  
Might never, ever be cross or try to be boss  
But they, they wouldn't do for nobody else gave me a thrill  
With all your faults baby, I love you still

It had to be you, it had to be you, it had to be you  
It had to be you, it had to be you  
Wandered around and finally found  
Somebody who could make me feel blue, hey, could make me be true  
Even be glad, just to be sad thinkin' of you

Some others I've seen, might never be mean, don't be so mean  
Might never be cross or try to be boss  
But they, they wouldn't do but nobody else gave me that look or  
thrill  
With all your faults woman, I love you still

It had to be, it had to be, it had to be you, hey, hey  
It had to be you, it had to be you, hey  
I said, it had to be, it had to be, it had to be you  
You doggone, woman, you
