It's a Man's, Man's World

James Brown

This is a man's world This is a man's world But it wouldn't be nothing Nothing without a woman or a girl You see man made the car To take us over the road Man made the train To carry the heavy load Man made the electric light To take as out of the dark Man made the boat for the water Like Noah made the ark This is a man's man's man's world But it wouldn't be nothing Nothing without a woman or a girl

Man thinks about the little betty baby girl And the baby boys Man makes them happy Cause man made them toys And after man made everyhing Everything he can You know that man makes money To buy from other men This is a man's world But it wouldn't be nothing Nothing not one little thing Without a woman or a girl

He's lost in the wilderness He's lost in bitterness
