

# Tell Me What You're Gonna Do

James Brown

Tell me what you gonna do, yeah  
I wanna hold your hand  
I wanna love, love  
And make you understand

Tell me what you gonna do, hey  
And when  
Don't cry, sigh  
Don't ever die

I said, you don't love nobody  
And you don't need nobody  
You don't want nobody  
But you always pickin' on me

Tell me what you gonna do  
And when walk you home  
You wanna love, love  
Then leave me all alone

I said, you don't love nobody  
And you don't need nobody  
You don't want nobody  
But you always pickin' on me

Tell me what you gonna do  
And when walk you home  
You wanna love, love  
Then leave me all alone
