

# This Old Heart

James Brown

This old heart  
Can't stand much more  
This old heart  
Can't stand much more

Though I heard it  
I won't turn you, oh, no

This old heart  
Can't bear this pain  
This old heart  
Can't bear this pain

If you love me  
You won't hurt me  
And refrain

Took my love  
And now you're gone  
Took my heart  
And gone on home

I know, pretty baby  
That you won't be true  
And I don't care what you do

This old heart  
Can't bear this pain  
This old heart  
Can't bear this pain

If you love me  
You won't hurt me  
And refrain

Took my love  
And now you're gone  
Took my heart  
And gone on home

I know, pretty baby  
That you won't be true  
And I don't care what you do

This old heart  
Can't stand no more  
This old heart  
Can't stand no more

Though I heard it  
I won't turn you, oh, no

Though I heard it  
I won't turn you, oh, no
