

# Higher Than Heaven

James Durbin

What was love?  
Something that I just dreamed of  
Somewhere in the corner of my heart  
Rippin' and tearin' me apart  
Oh, I was numb and had my demons  
I lost hope, you gave me reason

Angels save me  
God forgave me  
But you alone take me higher than heaven  
I don't need mercy, nothing can hurt me  
As long as you're with me, I'm higher than heaven

Goin' insane  
I was on a one-way train  
Surrounded by my so-called friends  
But this ain't where the story ends  
Or where it begins  
I was numb and had my demons  
I gave up, but you believed

Angels save me  
God forgave me  
But you alone take me higher than heaven  
I don't need mercy, nothing can hurt me  
As long as you're with me, I'm higher than heaven
