

Dreamin' In The Country

James Gang

Sittin' here, thinkin' 'bout the fix I'm in
Ain't no time to write a line, is it ever gonna end?
Spent my whole mornin' at the corner store
Just a-smokin' and a-jokin' with the kid next door
Gettin' aggravated 'cause my mind's gone dead
Think I'll have a little drink and then just jump right
into bed

Ridin' down the street in a big ol' Cadillac
Seems to me that yesterday is at least a mile back
Havin' such a good time, havin' so much fun
Just a-dancin' and a-drinkin', probably never get done
Then all at once I hear a ringin' in my ears
Guess it must've been a dream 'cause I'm still right
here

Come one day, I'll be leavin' this old country town
Come one day, I'll be headin' for the city
Havin' fun and drinkin' some, everything's gonna work
out fine
One day I'll come back again, if I get the time

Eatin' maple candy underneath the maple tree
Just a-sittin' in the shade thinkin' what I wanna be
Maybe some day I'll be a movie star
Kissin' pretty girls and drivin' fancy cars
Then everybody's gonna be so proud of me
Say they knew it all along, just you wait and see

Sittin' here, thinkin' 'bout the fix I'm in
Ain't no time to write a line, is it ever gonna end?
Spent my whole mornin' at the corner store
Just a-smokin' and a-jokin' with the kid next door
Gettin' aggravated 'cause my mind's gone dead
Think I'll have a little drink and then just jump right
into bed
