Woman!

I've been hearin' 'bout the things you say  
Woman, yeah  
I don't want you talkin' that way  
Wanna take you home, give you some money  
Every time I try, you think that it's funny  
Woman, yeah  
I don't want you talkin' that way  
Don't want to break you  
I just want to make it, oh yeah, yeah, yeah, hey

Woman  
Oh, how about you and me?  
Woman  
Think about what it could be  
Wanna take you home, do things to you  
Everytime I try, you just think that I'm foolin'  
Woman, woah  
How about you and me?  
Don't wanna break you  
I just want to make you, oh yeah, yeah, yeah, yeah,  
yeah

Come on, do it for me once!

Oh, woman, yeah  
I don't want you to act so bad  
Woman, yeah, yeah, yeah  
You're the best thing I ever had  
Wanna take you home, spend my time with you  
You see it, babe, it's clear that I miss you

Woman, yeah, yeah, yeah  
I don't want you to act so bad  
I don't wanna break you  
I just wanna make it, oh yeah, yeah, yeah, yeah, yeah

Ah, ah, ah, ah woman  
Why do you, why do you act that way?  
Woman, yeah, yeah, yeah  
You know what?  
Ah, good God!  
Ya know what?  
Aw, get it on!
