

# Never Say Never

James Horner

Excuse moi, pardon, did you say never?  
So young, and you've already lost hope  
Ah, this is America, the place to find the hope  
If you give up now, you will never find your family  
So never say never, say

Never say never  
What ever you do  
Never say never, my friend  
Henry I

If you believe that  
Your dreams will come true  
They'll come true in the end  
But I

Keep up your courage, don't ever despair  
Take heart and then count to ten  
Hope for the best  
Work for the rest and never say never again

Aw, but it's impossible, I'll never find my family  
Ah, never say never, now say that, go on

Never say never whatever you do, again  
Never say never to me, see how easy  
If you believe you can come shining through  
That's, that's how it's gonna be perfect

Pigeons  
Remember to look on the bright side  
'Til then  
And never say never again

Now are you ready to go and find your family?  
Yes,  
Chantal, take my little friend through immigration  
You'll find your family there

Everybody goes through immigration  
I would take you there myself  
But then I would never finish my statue  
Henry you said never, oh, so I did

Never say never  
Never say never  
Never say never again

Au vois bon soir, good luck  
Good bye
