

Beauty

James Iha

In a minute dear, in a whole second, it'll come clear
Do you see beauty, do you see love
Right away dear, in the desperate way, no one hears you call
Do you see beauty, do you see love

In the morning light you lay by my side
In the evening it gets so your love begins to shine
The world is changing but my love will remain
Do you see beauty, do you see love, do you see anything at all

There's a love that never comes back down
It feels like something is gonna happen now
The world is changing but my love will remain
Do you see beauty, do you see love, do you see anything at all

In a minute dear, in a whole second, it'll come clear
Do you see beauty, do you see love
Right away dear, in the desperate way, no one hears you call
Do you see beauty, do you see love

Love it calls your name no matter how you try
And I can't recall a time when I didn't love you
Do you see beauty, do you see love, do you see anything at all
In all this time we waste precious time you waste

I can't hide it anymore
Do you see beauty, do you see love, do you see anything at all
In all this time we waste precious time you waste
I can't hide it anymore

Love, love, love
Love is what you keep
Love is what you need
