

Don't Worry Son

James Marsters

Drivin' all night on the highway
Swervin' all over the freeway
Chasin' black dogs after midnight
I'm just holdin' on for twilight

Don't you worry, son
I'm comin' for you
Don't you know
I'm bound to come through

Yes, I am now
Yes, indeed
Take it easy
Gosh, almighty Lord
Take it all now

I've got a little farm down in Dillon
We got birds, cows, horses and chickens
We play Jedi knights and pirates
We just don't know what the time is

Don't you worry, son
I'm comin' for you
Don't you know
I'm bound to come through

Yes, I am now
Yes, indeed
Take it easy
Gosh, almighty Lord
Take it all now

I'm comin' even if I'm sleepy
I'm a young man and coffee's cheap, yeah
Or if there's rain cloud or snow
I'd just be careful watch for highway patrol

Don't you worry, son
I'm comin' for you
Don't you know
I'm bound to come through

Yes, I am now
Yes, indeed
Take it easy
Gosh, almighty Lord
Take it all now

Oh yeah
Yeah yeah yeah yeah yeah yeah yeah
