

If You Don't Wanna Love Me

James Morrison

When you lower me down
So deep that I
I can't get out

When you're lost, lost and alone
Yes you'd think it was the last place
You'd come back for more

If you don't want me to leave
Then don't push me away
Rather blow out the lights
You can watch it all fade
But I'm going nowhere

I'm gonna stay
When you just wanna fight
When you're closing your eyes
Cause you don't wanna love me

I'm gonna stay
You can't push me too far
There's no space in my heart
Where I don't wanna love you

When there's no storm
Then how can I feel the corn
If there's nothing, nothing,
Nothing left to lose
Then what is this feeling
That keeps on bringing me
Back to you

So I'm gonna stay
When you just wanna fight
When you're closing your eyes
Cause you don't wanna love me

So I'm gonna stay
You can't push me too far
There's no space in my heart
Where I don't wanna love you

If you asked me to leave
And I walked away
We'd still be alone
And we'd still be afraid
I'm going nowhere
I'm going nowhere

Cause I'm gonna stay
When you just wanna fight
When you're closing your eyes
Cause you don't wanna love me

I'm gonna stay
All the tears that I've cried
I can leave them to dry

If you don't wanna love me

Could leave them to dry

If you don't wanna love me
