

# She Comes To Me

James Otto

Every night when the sun goes down  
She takes a drive to my side of town  
Needin' somethin' that she ain't found  
So she comes to me

The only thing that he's done wrong  
Is leavin' her alone too long  
He's always workin', he's always gone  
So she comes to me

She just needs somethin'  
That'll pass time just like the last time  
She just wants  
Two arms to hold her tight

And I'm someone  
That'll love her and let her leave  
So she comes to me  
Yeah, she comes to me

He buys her clothes and fancy things  
She's got the house and diamond rings  
But he don't give her everything  
So she comes to me

She's lookin' for another role  
Some feeling that she used to know  
I kiss her soft, I kiss her slow  
So she comes to me

She just needs somethin'  
That'll pass time just like the last time  
She just wants  
Two arms to hold her tight

And I'm someone  
That'll love her and let her leave  
So she comes to me  
Yeah, she comes to me

She just needs somethin'  
That'll pass time just like the last time  
She just wants  
Two arms to hold her tight

And I'm someone  
That'll love her and let her leave  
So she comes to me  
Yeah, she comes to me

So she comes to me  
Yeah, she comes to me
