Every night when the sun goes down She takes a drive to my side of town Needin' somethin' that she ain't found So she comes to me

The only thing that he's done wrong Is leavin' her alone too long He's always workin', he's always gone So she comes to me

She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight

And I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to me

He buys her clothes and fancy things She's got the house and diamond rings But he don't give her everything So she comes to me

She's lookin' for another role Some feeling that she used to know I kiss her soft, I kiss her slow So she comes to me

She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight

And I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to me

She just needs somethin'
That'll pass time just like the last time
She just wants
Two arms to hold her tight

And I'm someone
That'll love her and let her leave
So she comes to me
Yeah, she comes to me

So she comes to me Yeah, she comes to me
