

# These Are The Good Ole Days

James Otto

I'm wastin' half of my life just lookin' back  
Thinkin' all of my good times were in the past  
Ain't no joy to be found livin' life like that

I couldn't feel the sunshine on my face  
Everywhere that I'd go, I'd feel out of place  
I finally figured out, I'd never win that race  
Now I'm amazed to find

These are the good ole days that we've been livin'  
No more lookin' back, all is forgiven  
Ain't gonna live my life through no picture frame  
These are the good ole days

Seems like people get lost talkin' 'bout some day  
Something better will come and take them away  
Never realize 'til it's too late

It's the simple things that make life worthwhile  
Like a warm summer day or a laughin' child  
Or how it makes me feel just to see you smile  
Baby you know it's true

These are the good ole days that we've been livin'  
No more lookin' back all is forgiven  
Ain't gonna live my life through no picture frame  
These are the good ole days

These are the good ole days that we been livin'  
No more lookin' back all is forgiven  
Ain't gonna live my life through no picture frame, yeah

These are the good ole days that we been livin'  
No more lookin' back all is forgiven  
Ain't gonna live my life through no picture frame  
These are the good ole days  
These are the good ole days
