

# You Don't Act Like My Woman

James Otto

We've been fussin' and fightin' about what I don't understand  
There's a distance between us and tonight you're forcin' my hand

And I can't explain how we've found ourselves here where we are  
On the edge of good-bye, broken dreams, broken hearts  
How did it go this far, well

I'll make the first move and I'll say I'm sorry  
And I'll take the blame for the things that I've done  
'Cause we'll both lose more than our pride  
If we don't make a stand  
You don't act like my woman and I don't feel like your man  
You don't act like my woman and I don't feel like your man

The passion that once burned so strong is barely a flame  
I don't know where it happened but somehow we both lost our way  
It's sad how we never made love unless we're makin' up  
Can we find our way back to the love to the trust  
'Cause girl this don't feel like us, so

Baby if you ever wonder if I still love you  
Well girl never wonder again  
We can find our way out of this cloud we've been under  
If we fight for who we were back then
