

# Company Of Strangers

James Reyne

So far away you know you're lost little girl  
You're really not looking your best  
Close your eyes, you're in your own little world  
The semi trailers you know they slip by

And I never wanted to stay  
I'm only dancing with danger  
And I could have walked out that way

Don't give me reasons  
I'm in the company of strangers  
I'm in the company of strangers

It's not easy to see when your home is so far  
And now the big house is all you're gonna need  
Another cry in the jungle bar, don't you know?

I'm in the company of strangers

Whoa oa oa oa oa  
Whoa oa oa  
Whoa oa oa oa oa  
Whoa oa oa

And I never wanted to stay  
I'm only dancing with danger  
And I could have walked out that way

Don't give me reasons  
I'm in the company

And I never wanted to stay  
I'm only dancing with danger  
And I could have walked out that way

Don't give me reasons  
I'm in the company  
Don't give me reasons  
I'm in the company

Don't give me reasons  
I'm in the company of strangers
