Hammerhead

James Reyne

Be my ritual Be my one desire Be my light be my pure delight Be my purifier You'll never know what you do to me Five times a day My self destruction you'll oversee Don't go don't go away Just a touch of you Just a taste Like kissing God is what we do Let's go to waste You'll never know what you do to me So sublime You're like the Devil in Heaven Every every time You've been hanging with the nicest people Hammerhead Some silken slip of evil Hammerhead Take food from my mouth Take my sex Take my friends take my lovers Here take this You'll never know what you do to me Maybe I'm wrong Let's take this journey together Please come please come along Please come please come along You've been hanging with the nicest people Hammerhead Some silken slip of evil Hammerhead
