

It's Only Natural

James Reyne

Anglo Reptillian,
Wrist watch radio titters
She waltzes her way
Through the aerodrome
Powdering conversation
With pigeon Indo
She catches her plane
To petty sun white
Two tone heaven

It's only natural
You should be where you want
So ordinary

Sixteenth year
Was just the worst
Ooh wee Holy Mary
She had a picture of Patty Hearst
A kinda revolutionary

You're sipping pool side babe
With a gun
You took some chances
They're only laughing in the sun
Where the sunshine dances
