

## Blue Pastures

James

Blue pastures - fade away  
Green rivers in silver light  
I'm walking to the sound of distant bells  
So peaceful I don't know who I am  
And just when I think its clear It turns all grey again  
And I wonder who will find me in the snow  
And just when I thought I was free I got pulled in again  
Once your in, your in.

Blue pastures calling home  
I'm Walking but I can't stand anymore  
hear voices can't tell near or far  
weird voices - Lay me down  
And I don't see why I'm obliged to just carry on  
When everything I touch turns out wrong  
And I feel I've committed some crime - but I don't know what I've done  
One Day Life just wins  
One day life just wins

Still breathing but I'm Tired and I wanna go home  
Still breathing but i'm not sure anymore  
Still breathing But it doesn't really matter if I fade away.  
Fall into this sleep - fall into the deep
