

# Everybody Knows

James

When you took me in your arms  
I knew I'd reply  
You breathed me in so deeply  
You took my hand as the music began  
I knew I could dance if you led me  
Everybody knows your fate, honey, everybody knows your fate

The snake is poised, and is held by your noise  
You charm the life out of demons  
You kept me up there with the web of your hair  
You spun my life into meaning  
Everybody knows your fate, honey, everybody knows your fate

I've seen your stars, so many lives  
You seem to shine forever  
Do you remember the time  
Do you remember the time  
Our memories held us together  
Everybody knows your fate, honey, everybody knows your fate

Everybody's hopeful, so much feeling  
See your face in windows  
Hear your calling  
Everybody knows your face, honey, everybody knows your fate
