

Glazed eyes turning away  
Is it true you're seeing him again?  
E-mail swiftly erased  
Is it true you're seeing him again?

I caught you on the telephone  
You've no answer to my question  
Who's on my line?

You were crying on the telephone  
Is it me, is it him?

Show me how to survive  
Can't afford to divorce  
I'm so scared, show me how  
To accept we've run our course

Loved you the best of our years  
We'll survive the sting in this tale  
Last call, numbers erased  
We'll survive the sting in this tale

After dark when you got home  
You were walking, said you're walking down by the pier  
Feel that I'm the last to know  
There's the children, not the children

Show me how to survive  
Can't afford to divorce  
I'm so scared, show me how  
To accept we've run our course

Blindfold my love  
Adjust to betrayal of trust  
Blindfold my love  
Adjust to betrayal of trust

You left a message on my answer phone  
There is something you can't tell me  
We don't have much time

Test came back and doctor said  
There's no answer to the cancer  
We don't have much time
