

## Nothing But Love

James

Nothing but love gives the world some meaning  
Nothing but love is the drug of healing  
lover be soft  
lover be bold  
earthquake avalanche volcano

Nothing but love  
I've got nothing but love  
Nothing but love stops the mind from grinding  
Nothing but love flushes hearts from hiding  
Deeper we dive  
Nowhere to hide  
earthquake avalanche volcano

Nothing but love fills the hole I'm hiding  
Nothing but love from the well we're drinking  
into the highs  
deal with the lows  
earthquake avalanche volcano

for there's no answers only dancers  
for love me now, i'll pay the cost  
Nothing but love  
I've got nothing but love  
Nothing but, Nothing but love!  
I've got nothing but love!  
I've got nothing but love!  
Nothing but, Nothing but love!  
Nothing but love!
