

## Pressure's On

James

I'm in a deep depression  
Face of self-control  
Shown to the world of confident  
Pray your fears won't show  
Cry

Break your first impressions  
Recreate your will  
Love's at the heart of everything  
Let love be your goal

Cry

My whole world  
Breaking down  
The pressure's on  
The pressures' on  
This whole way's  
Falling down  
The pressure's on  
The pressure's on  
The pressure's on

Cry
