

Slowly Moving In

Jamestown Story

It's been so long, since I've felt this feeling of reluctance,
this feeling of indignity, this feeling that I miss..
It's been so long, since I've felt this feeling of excitement,
this feeling of devotion, this feeling of dis-stress..

And now I'm here, waiting to take action, waiting to feel passion,
waiting to feel pain..
And what I'd give, to feel this all tomorrow, this feeling of indignity,
this feeling's back again...

It's been so long, this feeling's irreplaceable, this feelings undeniable,
this feeling never ends...
It's been so long, this feeling's so historical, it's something undescrivable,
and now it's back again..

And now I'm here, indecisions racing, heart's start off from pacing,
slowly start to fall..

And what I'd give, to feel this all tomorrow, this feeling of indignity,
this feeling of it all...

Slowly moving in, it's been so long...
