

## That Lonesome Song

Jamey Johnson

That mornin' sun made it's way  
Through the windshield of my Chevrolet  
Whiskey eyes and ashtray breath  
On a chert rock gravel road

What the hell did I do last night?  
That's the story of my life  
Like tryin' to remember words  
To a song nobody wrote

And it's sad and it's long and can't nobody sing along  
It's a southbound train, it's a whistle in the wind  
Ain't no one there to care where I've been  
I'm hummin' on that lonesome song again

I took a trip across the country from Montgomery  
Discovered I'd been wrong for so long  
I thought it was the fame and the glory and the money  
But all I've got to show is a damn song

And it's sad and it's long, can't nobody sing along  
It's a southbound train, it's a whistle in the wind  
There's no one there to sing to in the end  
I'm hummin' on that lonesome song again

And it's sad and it's long, can't nobody sing along  
It's a southbound train, it's a whistle in the wind  
There's no one there to care where I've been  
I'm hummin' on that lonesome song again

The mornin' sun made it's way  
Through the windshield of my Chevrolet  
Whiskey eyes and ashtray breath  
On a chert rock gravel road
