

Interlude

Jamie Cullum

Da Da Dum
Da Da Dum

Da Da Dum
Da Da Dum

I live in a dream for a moment
We loved in a midnight solitude
When I never knew at the moment
Love was just an interlude

I thrill as your arms would unfold me
A kiss of serenus as the mood
Then heaven fell down when you told me
Love's a passing interlude

The magic was unsurpassed
Too good to last
The magic, my heart was you
Is dressed in blue

The shadow of night all around me
I walk in a moonlight solitude
When I thought romance really found me
Love was just an interlude

Da Da Dum
Da Da Dum
Uh

The magic was unsurpassed
Too good to last
The magic, my heart was you
Is dressed in blue

The shadow of night all around me
I walk in a moonlight solitude
When I thought romance really found me
Love was just an interlude

Da Da Dum
Da Da Dum
Oooh
