

Mind Trick

Jamie Cullum

I missed the opportunity
to get you babe to stay with me.
Never thought, I'd regret the excuses that I've made
like a song, it will fade

If there's music in the night,
And it's really, really right,
It's the only thing I need.
it intoxicates your mind
All your troubles left behind
So come on and take my lead.
it's not just me who feels it
music plays a mind trick
watch me forget about missing you
