Out of this World

Jamie Cullum

You're clear out of this world
When I'm looking at you
I hear out of this world
The music that no mortal ever knew

You're right out of a book
The fairy tale I read when I was so high
No armored knight out of a book
With more enchanted Loralie then I

After waiting so long for the right time After reaching so long for a star All at once from a long and lonely night time And despite time, here you are

I cry, out of this world

If you said we were through

So let me fly out of this world

And spend the next eternity or two with you

You're right out of a book
The fairy tale I read when I was so high
No armored knight out of a book
With more enchanted Loralie then I

After waiting so long for the right time After reaching so long for a star All at once from a long and lonely night time And despite time, here you are

I cry, out of this world

If you said we were through

So let me fly out of this world

And spend the next eternity or two with you

Clear out of this world Clear out of this world Clear out of this world Clear out, clear out
