

# Extravaganza

Jamie Foxx

Last night me n my dawgs were hanging out  
Tired of being cramped up in the house  
We were simply celebrating life  
Off from work today so it's alright  
But all those ups n downs had me in a twist  
Started dancing wit this model chick  
And then every record became my favorite song  
And that is all that I remember

Cuz I had one too many drinks  
And ended up at the embassy  
With this pretty little thing from Memphis, Tennessee  
It was a one night extravaganza

When I woke up from last night's avoutrie  
Baby girl was layin next to me  
Shoes n clothes were scattered everywhere  
I got dressed n got up out of there  
But not before I called for me a cab  
Hung over from all the drinks I had  
And now I'm telling my story to u  
Everything that I remember

Cuz I had one too many drinks  
And ended up at the embassy  
With this pretty little thing from Memphis, Tennessee  
It was a one night extravaganza  
I had one too many drinks  
And ended up at the embassy  
With this pretty little thing from Memphis, Tennessee  
It was a one night extravaganza
