

Light a Candle

Jamie Foxx

Let me take my time with this one

My baby

Verse 1:

I don't know why the sun shines so brightly when Iâ€™m with you

I canâ€™t explain the joy you bring my heart

Every moment I

I spend with you

But at times Iâ€™m not for sure on just exactly how you feel

I need an indication to show that loveâ€™s for real

Chorus:

Light a candle in the window if you care for me

Burn an everlasting light to prove your love

And if you believe for eternity that weâ€™ll never be apart

Light a candle in the window

Just a sign to show that youâ€™re in love

Verse 2:

Deep in my heart there a grows a love so special, a love deep

While Iâ€™m not for sure I should but it feel so good

To have your body right

Right next to me

And Iâ€™m not afraid of the choice Iâ€™ve made

I made up in my mind

You and me forever until the end of time

Chorus:

Light a candle in the window if you care for me

Burn an everlasting light to prove your love

Bridge:

And Iâ€™m not of afraid of the choice Iâ€™ve made

I made up in my mind

Light a candle in the window

Light a candle in the window

Just a sign so show that youâ€™re in love

Shine a light down on me

Shine a light down on me

Shine on

Shine on

Light a candle in the window for my love

Light a candle in the window for my love
