

# Living Better Now

Jamie Foxx

I make you feel better than you ever been  
I guarantee that you gon tell the other man he need to get lost  
yeah  
and girl you know you dealing with a veteran have you ever been broke off

You aint gotta pack your bags  
tell your boss you gon miss work  
whatever you want just ask  
baby this what you deserve  
yeah

I'm living better now  
livin' better now  
I'm living better now  
better, better now  
I'm living better now  
livin' better now  
livin' livin' better now  
livin' better now  
I'm living better now  
livin' better now  
I'm living better now  
better, better now  
drop top benz I'm the man girlfriend

because girl you're worth it  
I know you deserve it  
because girl you're worth it

You rollin' with the man  
turn the lights off

You aint gotta trip about no money  
cause whatever you want, I'mma get it  
I aint worry about the cost, yeah  
I aint fucking, I aint phoney, I aint frontin'  
I am stuntin' everything I say is real  
you dealin' with the boss, yeah

Look in my pockets I see a lot of dead people  
wrist game mean, mother pearl so evil  
Christian Louboutin, sucker for a sneaker  
pull up in Pakistan like I'm Evel Knievel  
Elroy Jetson I stay spaced out  
never lay my Jesus piece face down  
it's not a Rollie, I'm sorry its for Karan  
she not a singer, but dammit I made her humm  
name Ricky but really I've been a willie  
see you looking at it but this watch a quarter milly  
I got houses, hobby homes in Abu Dhabi  
never go wrong GPS my Ferrari

[Chorus]
