

Slow

Jamie Foxx

Oooh oooooh oochohohhhooo (oh oh oh oh)
Oooh oooooh oochohohhhooo (oh oh oh oh)

There's so much shit I wanna do, to you (you you you you)
First you gotta step into this room (room room room)
Look into my eyes
I'm gonna look right into yours
Cut the lights off
But don't you close the door
Tonight I'm gonna make my hallways echo you (you you you)

Now pull my shirt off
Pull your jeans down
Oh baby take your time
Now turn around
As our bodies catch the mirror
Let me grind into the song
I'm gonna do you all night long

And now we go slow, slow, slow (you you you)
And now we go slow, slow, slow
Those other guys don't get it like I get it
Cause I'm with it, I get it
And they just wanna hit it
But I hear you, I pay attention
Not finished till you're finished
You're gonna get yours, I'm gonna get mine (I'm gonna get mine, I'm gonna get mine)
And I'm gonna take my time (time)
And wine my baby slow
Show me you like that slow,
Sh-sh-sh-show me you like that slow
Show me you like that slow, slow, slow, slow slow
Sh-sh-sh-show me you like that slow, slow slow slow slow

Baby I'm gonna do you till you lose your mind
Baby you're so oeh oeh oeh oeh oeh so freakin' fine
Ehey, I'm gonna do your body like a rollercoaster
So hold on tight lay on my shoulder
And slowly but surely I'm gonna bake that body like a cake (you you you)
You're gonna sweat these sheets out
I'm gonna mess your hair up
And I'm gonna wild out on ya like I don't give a fuck
Until it's three o'clock, four o'clock, five o'clock six
And I gotta take my time with you
Cause your shit is the shit

Oh
That's it here we go
Put my love in the air
If the curtains are open I don't care, let 'em stare
Out the room, on the wall, every step on the staircase,
Baby let me make your day

Ohooooohohohoooo
Ohooooohohohoooo
Ohooooohohohoooo

Ohooooohohohoooo
Ohooooohohohoooo
Ohooooohohohoooo
Ohooooohohohoooo
Ohooooohohohoooo
Ohooooohohohoooo

Ah ah ah ah ah ah ah ah ah ah
