

Christmas Together

Jamie Grace

Close together, so close together
Close together, Christmas together

My 33's on my Panasonic
Like a cotton candy maker spinnin' with harmonics
And my mama's singin' to it
My daddy's dancing to it
My sister and her suitor they're smiling bout the future
And I'm sittin' thinking this is so nice
Wouldn't it be so great if it was always Christmas time

The lights, the trees
And the way they work together in perfect harmony
The friends, the fam
Gatherin' the neighbors singin' winter wonderland
And unless you got twenty people
Stuck on an elevator
I can't imagine a time when we're all this close

Close together, so close together
Close together, Christmas together

As I'm looking up at heaven
I pray for snowy weather
So I can have a reason to wear an ugly sweater
And my friends must be thinking that I've lost my mind,
my mind
But I just love all the beauty around
Christmas time

The lights, the trees
And the way they work together in perfect harmony
The friends, the fam
Gatherin' the neighbors singin' winter wonderland
And unless you got twenty people
Stuck on the elevator
I can't imagine a time when we're all this close

So lovely this time of year
Mucho amor in the air
And unless you got animals and people
Crowded around the manger
I can't imagine a time when we're all this close yeah

Close together, so close together
Close together, Christmas together

Close together, so close together
Close together, Christmas together

The lights, the trees
And the way they work together in perfect harmony
The friends, the fam
Gatherin' the neighbors singin' winter wonderland
And unless you got twenty people
Stuck on the elevator

I can't imagine a time when we're all this close

Close together, so close together

(Like a band-aid, like some duct-tape, when we're all
this close)

Close together, Christmas together
